OUR THREE MOST POPULAR WRISTBANDS ARE THE 1" HIGH SECURITY FIBERBAND®, 3/4" HIGH SECURITY FIBERBAND®, AND OUR VINYL SIDE SNAP BAND. MOST OF OUR FIBERBANDS® ARE OFFERED IN OVER 150 COLOR COMBINATIONS. SO YOU NEVER GET THE SAME DESIGNS AND SOLIDS IF YOU ORDER MONTHLY. ALL OF OUR TYVEK FIBERBANDS HAVE A FRAUD WARNING, RED SECURITY GLUE AND INVISIBLE DESIGNS THAT WILL GLOW UNDER UV LIGHTS. THIS HELPS TO DISCOURAGE ANYONE FROM DUPLICATING THE WRISTBAND ON A COMPUTER OR COLOR COPIER AND HELP ELIMINATE SECURITY PROBLEMS.

We recommend calling a Wristband Specialist to find the best wristband to fit your business needs. We will also take back any unused fiberbands® and use them towards the purchase of a new order. This can factor in substantial savings based on the amount of bands left over in each box.

# wristband SPECIALTY

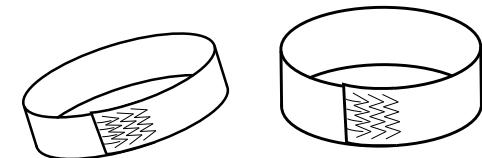

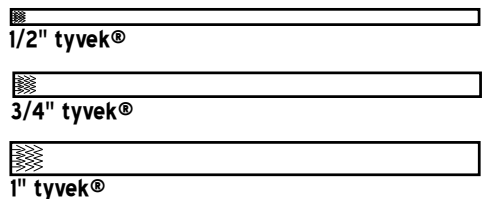

Thank you for your interest in our company and we hope you will enjoy looking over our catalog. We have been manufacturing and distributing wristbands for over 32 years. We take pride in the fact that we never use our products sold to you as an advertising method and we will never put our name or phone number on our products. We do not sell blindly on the internet which prevents people from buying copies of your wristbands to sneak into events.

We also wanted to let you know that all wristbands from different companies are not created equal. In fact, we are the only company offering high security wristbands. If you look at our samples you will see a wristband made out of TYVEK® called our FIBERBAND®. This has a red glue and a fraud warning plus a serial number over the white perforated area. This was designed to detect if tampering or removal and reinstallation was attempted. The fraud warning and serial number will get distorted and then the red glue will be noticeably tampered with. All of our competitors' products have white glue and a large white area where the perforation is to make it easier for someone to peel and stick the wristbands unnoticeably. So if price is the issue, we have those too. We have wristbands as low as 13.99 per 1,000. We recommend that you call us to discuss the needs of your organization.

We have 5 plastic snap-on bands to choose from. They are available in quantities of 500 BANDS PER BOX. Vinyl can be custom printed within 10 days for \$8.99 per box and a one-time plate fee. Please see our website or give us a call for the colors we have available.

We also carry 2 sizes in our Tyvek® Fiberbands®. These bands are tough, waterproof, and stretch and tear resistant. They are available in boxes of 1000. They utilize an adhesive closure that is made of red security glue and they contain invisible designs to prevent duplication. THEY CAN BE CUSTOM PRINTED AND SHIPPED SAME DAY. There is a print charge of \$8.99 per box and a one-time plate fee. Unlike other companies we do not charge setup fees. Please see our website or give us a call for the colors and designs available.
